

MUFFANET

DESCRIPTION:

Indispensable detergent to dissolve instantaneously mildews, weeds, mosses and eliminate bacteria and bed smells from internal and external humid places like: bathrooms, showers, toilets, cellars, kitchens, sauna bathrooms, Jacuzzis, swimming pools, flower pots, etc.

INSTRUCTIONS FOR USE:

Remove the first layer of mildew by means of a scraper; apply the spray device on the bottle and spray uniformly the product on the surface to be treated; wait a few minutes then wash with plenty of water. Repeat the operation after a few minutes when necessary.

GRANTED VALUES:

DETERMINATIONS	UNITS	VALUES	METHOD OF ANALYSIS
Title (volumes active chlorine)	%	14 min – 15 max	R-UE 30 ⁽¹⁾
Residual alkalinity (Na OH)	g/Kg	5 max	R-UE-31 ⁽¹⁾

OTHER CHARACTERISTICS (indicative typical average values):

Aspect		Clear	
Density	g/ml	1,2 min	R-UE-28 ⁽¹⁾
Total chlorine	g/Kg	126 max	R-UE 29 ⁽¹⁾
Active chlorine	g/Kg	121 max	R-UE-30 ⁽¹⁾
NA ₂ CO ₃	g/Kg	4 max	R-UE 32 ⁽¹⁾
Iron	ppm	1 max	R-UE-33 ⁽¹⁾
Total mercury	ppm	0,05 max	R-UE 34 ⁽¹⁾

TECHNICAL DATA AND WARNINGS:

Active chlorine 6 - 8 %; content sufficient for 2/3 sq. meters of wall, 6/8 sq. meters of floor. Irritating for the eyes, the respiratory tract and the skin. Do not put the product in contact with acids. Use it in very ventilated places.

⁽¹⁾ = method of analysis mentioned by the manufacturer.
